

PASSENGERS

MUST COME FIRST

Local Lib Dem Monica Harding is working for Esher & Walton commuters.

Liberal Democrat **Monica Harding** is holding Network Rail and South Western Railway (SWR) to account for the daily delays and cancellations that are currently affecting Esher and Walton commuters.

Monica Harding said: "Under the Conservative government, commuters have been catastrophically let down. People are paying way over the odds for an appalling service."

Dominic Raab has done little to represent them. His voting record shows he has consistently voted against slowing the rises to rail fares.

- 1 Freeze train fares for 5 years until franchises like SWR are reformed & services become reliable
- 2 End the 27 days of strike action on South Western Railway this month

Vote to put commuters first

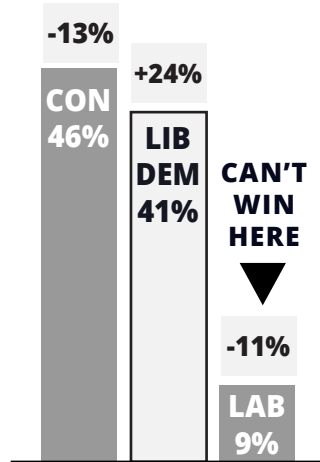

www.monicaharding.org/transport

Monica is campaigning with Ed Davey and other local Liberal Democrat candidates to stop the December rail strikes.

In Esher and Walton, the race is between **Lib Dem Monica Harding** and Dominic Raab.

Labour can't win here, and a vote for them will only help the Brexiteer Dominic Raab.

Esher and Walton voting intention. DeltapollUK, as reported in The Observer on 30 November 2019. Changes vs GE2017.
